2. The Hon'ble Mover brings to notice that the expenditure on account of these institutions has risen by 50 p.c more and prays that the Govt. may be pleased to sanction an enhancement of the grant-in-aid in proportion to the increased cost of maintenance. He also says that it will facilitate work in the Society if the two grants can be lumped together and sanctioned as one for the needy in need Society.

3. The two grants now aggregate 75 Rs per month, and the question of enhancement of this grant by 37½ Rs as prayed for by the Hon'ble Mover, is for orders.

4. Any enhancement that may be sanctioned by Govt. has to come in from Govt. revenues, and as it should be as low as possible, it is a matter for consideration whether the present grant of 75 Rs p.m. may be raised to Rs 100 p.m. as the institution is doing good work and serves the needs of many people also in common with those of the British Servicing.

My Committee however desire me to point out that they do not ask for a revision of the 2 Grants on the Score of the number of people from your Territory, who are helped by the Society, but to say that they will be grateful if their application will kindly be considered solely on the ground of the inadequacy, at the present day, of the 2 Grants in question, which when sanctioned as far back as 1901 and 1904 were no doubt sufficient, but which with the very increased cost of existent day living have depreciated considerably in their economic value and usefulness to the Society.
